

We Need Jesus

We all need Jesus in our lives. He is the only one that can give us forgiveness, move us from darkness to light, from death to life, and secure us an eternity with God.

The Basic Things You Need to Know About Jesus is a brief introduction to his life, his teaching, and what he did and still does.

I hope you will meet him in this book and then get to know him really well. That is his as well as my desire.

Lars Dunberg is originally from Sweden and has lived in Britain and the U.S. He has ministered in some 85 countries and talked with people from all walks of life.

He has a passion for every believer getting to know the basic things regarding your faith in Christ.
